EVERYTILE
YOU DREAM

Deep Wood è ... addentrarsi nelle profondità del legno, in una meticolosa esplorazione di ogni suo nodo e venatura. Pregiate superfici lignee sono state incise e lavorate al laser, per valorizzarne i dettagli più significativi. Ascot Everytile presenta la sua nuova collezione in un doppio formato di listoni ceramici, per spazi sia indoor che outdoor.

Deep Wood is ... an exploration of the deep veins typical of wood surfaces, focusing on every knot and grain. High-quality wooden surfaces have been engraved and laser crafted to enhance their most significant details. Ascot Everytile presents its new collection in a double format of ceramic planks, for both indoor and outdoor spaces.

Tahiti è ... una foresta custodita da una tribù di fiere selvagge, ma anche una cascata di bouquet e riflessi colorati, capaci di risalire le pareti controcorrente. I rivestimenti in bicottura tradizionale di Ascot Everytile si trasformano nelle pagine di un libro d'avventura illustrato, i cui colori e soggetti si prestano a vivacizzare con originalità gli spazi che viviamo ogni giorno.

Tahiti is ... a forest guarded by a tribe of wild beasts, but also a waterfall of bouquets and colored reflections, capable of climbing up the walls. Ascot Everytile's traditional double-fired coverings are transformed into the pages of an illustrated adventure book, whose colours and subjects will spice up the spaces we are used to living every day.
